

HOW TO SPEAK CONVINCINGLY PRINCIPLES OF RHETORIC

by Cyril Junior Dim

ABOUT THE TRAINING

Aristotle taught that the goal an effective speaker is to convince people. Indeed, before anybody invests in what we have to say, they have to invest in us as people first.

Persuasive speakers exhibit a very unique quality - they are very deliberate. It seems as though their words, while flowing effortlessly, are meticulously planned...

How can we be convincing? How can we speak in a way that demonstrates credibility and ultimately results in persuasion? Consider practical examples of using the principles of rhetoric.
